Amman, Jordan | +962 798607359 | sdra.o.awameh@gmail.com | LinkedIn: [@sdra-awameh](#) | [GitHub.Sdra](#) | [Portfolio](#)

PROFILE

Software Engineering student (GPA 3.99/4.0) with a strong interest in UI/UX design, backed by hands-on experience in Figma, Canva, and user-centered interface work. Placed 2nd in the AAU-XDT UI/UX Design Competition and contributed frontend UI enhancements to a full-stack graduation project. Currently a QA Intern at Globitel, where daily work in usability review, structured documentation, and attention to detail directly informs a design-quality mindset. Analytical and detail-oriented, shaped by competitive programming and design competitions, with a drive to grow as a UI/UX practitioner.

RELEVANT DESIGN EXPERIENCE

2nd Place — UI/UX Design | AAU-XDT Competition (E-Learning System for AAU)

- Designed the user interface and experience for an e-learning platform concept for AAU, from wireframes through to a polished prototype.
- Presented design rationale and user-flow decisions to a panel of judges, placing 2nd out of competing teams.

Frontend & UI Contributor | TRACE — Graduation Project, AAU

- Designed and implemented UI enhancements for the project's landing page, including layout, animation, and a glassmorphism visual style.
- Applied consistent branding (AAU identity) across key user-facing screens, including the login experience.
- Collaborated on UI mockups as part of the system design documentation for a Laravel + Vue 3 + Inertia.js academic platform.

QA INTERNSHIP EXPERIENCE

QA Intern | Globitel

2026

- Designed and executed manual test cases for enterprise HR software modules (Login, Dashboard, Leave, Time), with close attention to usability and user flow, not just functional correctness.
- Built a structured, color-coded Excel test case template with conditional formatting and a Guide sheet to standardize documentation across the QA team reflecting the same clarity-first thinking applied to interface design.
- Gained exposure to Jira for defect tracking and basic hands-on familiarity with Postman.

SKILLS

Design Tools: Figma, Canva, UML (wireframing & prototyping)

Design Process: User-centered design basics, usability-focused testing, visual/branding consistency

Programming: JavaScript, HTML & CSS, PHP, Java, SQL, C#

Frontend: Vue.js (Vue 3), Inertia.js

QA & Testing: Manual Testing, Test Case Design, Regression Testing, ISTQB Foundation Level principles (training)

Other Tools: Jira, Git/GitHub, Looker, Tableau

EDUCATION

B.Sc. Software Engineering | Amman Arab University (AAU)

2022 – 2026 | GPA: 3.99 / 4.0

CERTIFICATES

- ISTQB Foundation Level — Training Completed (QAcart)
- Foundations of Software Testing and Validation — University of Leeds / Coursera
- Tech for Jobs Training Program — Correlation One
- English Course — BBC Learning English

ACHIEVEMENTS & ACTIVITIES

- 2nd Place, AAU-XDT UI/UX Design Competition — E-Learning System for AAU
- 3rd Place, 3Minutes Competition (AAU Project Ideas) — UniBus Project
- 4th Place, AAU-PC Problem Solving Competition
- Representative, JCPC23 — Regional Collegiate Programming Competition
